Work Plan for the Next Stage

01

Strengthen the curriculum system

Leveraging our strengths, we will intensify research and teaching on tax administration and digitalization, tax risk management for emerging industries, and international tax rules tailored to the needs of BRI jurisdictions.

02

Promote the sharing of training resources

We will deliver high-quality international training seminars, enrich learning resources of the BRITA website, strengthen cooperation with BRITACEG members and other BRITAs.

03

Advance exchanges and cooperation

We will enhance exchanges and dialogue among tax officials of BRI jurisdictions and between tax officials and multinational enterprises.
